

Video Project Group Syllabus

Welcome and please read the following carefully.

I. Attendance

We'll be taking attendance every week. If you really need to miss, then you **must** contact us by texting or e-mailing before class starts.

Lydia Garris: 330-647-1156, garris.20@osu.edu

Natalie Toth: 614-579-9085, toth.259@osu.edu

6 points

- Arrives to class on time and actively participates during class

2 points

- Misses class but informs **both** instructors **ahead of time**

0 points

- Misses class and fails to inform **both** instructors **ahead of time**

II. Grading Scale

Attendance= 42

Assignment 1= 13

Final Scripts/Storyboards= 15

Final Project= 30

Total Points= 100

III. Weekly E-mails

We will be sending out weekly e-mails to give a summary of what we do each week and for any additional announcements. E-mail is also a great way to contact us for attendance and any questions or concerns you may have. ☺

IV. Materials

Have at least 1 USB (min. 16 GB) and 1 SD card (min. 32 GB) per final project group.

V. Final Project-

Requirements:

1. Time: 2-5 minutes long
2. Must have a script AND storyboard done before shooting
3. Must be edited on Adobe Premiere or Final Cut Pro
4. Must be uploaded onto a YouTube channel and the link sent to both instructors

VI. Suggested Resources

Digital Unions

- **Enarson 012:** Has a Mac computer lab with all the editing software you'd need and small meeting rooms
- **Denney 063:** Has a green screen, professional recording studio, and a conference room
- **Hagerty 171a:** Another Mac computer lab that's across from the Union

Equipment Rentals

- E-mail D Mac/Visit MMC Office and request a form to check out video equipment

VII. Class Breakdown*

Week 1 (8/27) – Class Introduction/Syllabus Review, How to write a storyboard

Week 2 (9/4) – **Labor Day**

Week 3 (9/11) – The importance of camera angles/shots, Lighting, and Audio;

- Analysing what goes into making quality videos
- Going over Final Project guidelines and brainstorming ideas

Week 4 (9/18) – Enarson 012 tour,

- Learning the basics of editing videos in Adobe Premiere and Final Cut Pro (cutting footage together, using effects, how to import media, etc.)

Week 5 (9/25) – Video Exercise

- We will return to Enarson to further develop video editing skills
- A video exercise will be done with provided footage and will be turned in by the end of class

Week 6 (10/2) – Denney 063 tour

- How to utilize the university's green screen as well as the audio production room in Denney
- Finalized scripts and storyboard due by the end of class

Week 7 (10/9) – Final Project Editing

- This is a time to work on your final projects in class, as well as a time to ask instructors for help with any editing troubles or questions that you may still have at this point

*May be subject to change
